BERI-BERI AS AN EXCUSE.

Hongkong, November 16 1909. 142.

Considerable amusement was caused at the Supreme Court this morning when a case was mentioned before Mr Justice Hazeland.

Mr P. W. Goldring, who appeared for plaintiff, said he wished for a day to be fixed for the hearing of a case in which the defendant was alleged to be suffering from beri-beri. He could produce witnesses who would say that they had seen defendant walking about the street perfectly well. Mr Wilson, for defendant-I am glad to hear that.

His Lordship-Will you find out whether your client is able to walk about quite

Mr Goldring-If your Lordship does not fix a day it will go on for ever. If it comes on he might die or it will be settled. That is the only way to deal with a skulking defendant. (Laughter). "

His Lordship-Mr Wilson tells me defondant has beri-beri.

Mr Wilson-That is the unusual feature in this case. (Renewed laughter). Mr Goldring-Fix it for next Friday and then my friend can bring another certificate and be more fortified. The case was adjourned.

THE CHINESE MAINTENANCE CASE.

Wife's Summons Dismissed.

At the Magistracy this morning, before Mr J. R. Wood, the case was again called in which a Chinese woman named Loung Tao Shi summoned her husband, Laung Kam Ming, for neglecting to provide reasonable maintenance for her and her infant children whom he is legally liable to maintain. Mr Reader Harris defended. His Worship asked Mr Harris what had taken place in the case since the last

adjournment.

Mr Harris said the last time he saw the woman was on Monday, whon he suggested certain terms to her which she refused to accept. He then proposed that she go before the Registrar General on Wednesday so that the whole facts might be placed before him, but this also she refused to do. Defendant had offered to support her, to give her a house and to find her pocket-

His Worship reminded the complainant that on the last occasion he advised her to make some settlement with her husband, but as she had not done so he should dismiss the summons.

A Talk on Hall's Distemper.

HALL'S Distemper continues to grow in popularity both at home and abro The widely increased demand during the past year has been another great tribute to its sterling worth. Leading Architects and Builders are specifying it more than ever, and it has been selected for use in a great many of the leading public buildings such as The Tower of London, The Royal Mint, The Royal Hospital, Chelsea; The War Office, The Admiralty, The National Gallery, The British Museum, The General Post Office, The Offices of Woods and Forests, etc. and in Buckingham and St. James' Palaces.

While a description of Hall's Distemper is no doubt superfluous, we beg to remind Architects, Builders, and Householders of the following special points

It is made in two qualities-The Inside quality is the modern scientific substitute for wall-paper; it makes a more artistic, practical, and healthier wall. covering altogether.

The Outside quality is fully weather resisting, it can be used on wood work. iron work, brick work, stone, etc., and can be painted or varnished.

Hall's Distemper no doubt owes a great deal of its popularity to its ease application and great covering power, resulting in economy in both material and labour costs. 1 cwt. will cover double the surface of 1 cwt. pure white lead, and it dries evenly, overcoming the difficulty of obtaining a uniform tint on plain walls.

There is no wall covering so hygienic as Hall's Distemper. It contains powerful germicide, and when applied it is instant death to all insect life. It is washable after three weeks by being lighty sponged with warm water.

Special Note.—Hall's Distemper should not be confused with the many so call Washable Distempers now offered for sale, nor with that class of material which requires elaborate preparation of walls. Hall's Distemper is unique preparation with entirely distinct advantages, and is made only by Sisson Brothers & Co., Ltd., Hull, and London. Sole Agents for South China :-

social and political circles. Statements were confi- responsibilities and very full of anxieties. dently made, for instance, that there would beseveral vacancies in Radical constituencies in Scotland. But Mr Asquith has proved wiser than the prophets. There is no wholesale creation of Peers who by their character were to strike terror to the hearts of the present members of the House of Lords Indeed the list of honours is a very ordinary one, with no great surprise, at least in the case of the Scottish recipients.

THE MASTER OF ELIBANK.

imaginative, after his fashion, when he described the Chief Radical Whip as "the organiser of victory." It will probably be found that the "victory" of December, " for which Mr Murray was so effusively thanked, is worse than a defeat. But in tack and geniality he contributes a good deal towards the easy working of the House of Commons in difficult circum. stances, and he has an assiduity, and may also be said an adaptability, that is of great value in the Whip's room.

LORD BALFOUR OF BURLEIGH. A graceful tribute is paid to a political opponent by the bestown of the Grand Cross of the Order of St Michael and St George on Lord Balfour of Burleigh. It is mentioned that the honour is a tributeto his work in connection with the West Indian Commission.

There are two Scottish baronets,-M Robert Balfour, M.P. for Partick, a gentleman of great business capacity; and Mr William Younger, formerly a Unionist, now the Radical representative of Peobles and Selkirk. Apart from politics, Mr Younger

EDINBURCH AND MR ASQUITH.

Mr 1squith has been presented with the Freedom of the City of Edinburgh. The ceremony was a pleasant example of the way in which our Scottish Town Councils on occasion can rise above the level of mere party politica. It took place at the close of a General Election, contested in town and country with more than ordinary heat and stiffness,—an election in which Mr Asquith, his speeches and his actions, were naturally the centre of battle. Yet a leading part in tendering the tribute to our leading Commoner in the name of the capital of Scotland was taken by men, including the Lord Provost, who belonged to the other side politics. And among those who seized the opportunity to pay compliments to the Prime Minister were some of the most active and formidable opponents of his policy. In fact, it was a non-party "function,"-as we say in Scotland. Lord Rosebory was one of the company at the presentation; and at the inevitable luncheon which followed Mr Scott Dickson and Mr Clyde, representing the Unionism of Edinburgh and Glasgow, took a share in the speechmaking alongside that redoubtable Radical, Lord Advocate Ure.

LORD MINTO'S WELCOME HOME. Six years ago the people of Hawick and neighbourhood gave Lord Minto a great reception at the expiry of his term of office as Governor-General of Canada. These rejoicings were quite thrown into the shade on Wednesday, when his Lordship returned after five years' service as Vicarcy of India. The Bordarers gathered in tens of thousands from all the district between Gala Water and the Cheviots, and some remarkable scenes of enthusiasm were witnessed. The Earl and Countess were accompanied by Lady Eilcon Elliot and the Hon. A. D. Elliot, and on their arrival at Hawick were saluted by the local company of the Er O. S. B. and welcom d home by the Provost of belialf of the Corporation and citizens. They were then escorted by a troop of the Lothians and Border Horse to the village of Denholm, which was decorated with flags and evergreens and illuminated with a multitude of fairly lamps. Another ceremony of welcome took place, and in his reply Lord Minto said, 96

he always looked upon Denholm as specially connected with India, for India has not forgotten Leydon, his great ability, determination, and courage. His Lordship was accompanied by torchboarors from Donholm to Minto House, and as he New Year's Day brought a surprise to approached his ancestral home, bonfires

SHIPPING WAR WITH THE PAR EAST. The London Correspondent of the Scoteman writes,-"In spite of the.

friendly arrangement arrived at in the course of recent litigation between several of the steamship companies engaged in the Far East trade, it is now, I understand, feared that a rate war over ship ments to China is inevitable. Some months ago several of the lines loading on the Antwerp berth departed from Mr Murray, generally known in Scotland the agreed tariff, and in order to bring as the Master of Elibank, is one of the the parties back to the Conference basis, new Privy Councillors. It is possible for the P. and O. Company undertook to Unionists, along with his own party, to carry iron to the Straits Settlements, appreciate the qualities which have gained China, and Japan, at 10s. a ton, a figure for him this distinction. Mr Haldane was quite 50 per cent, lower than the recognised freight. Two of the interested companies then brought an action for an injunction, which was granted, but on appeal the parties arrived at an understanding, and the rates were advanced all round. The result was that many shipments held back for the purpose of profiting by the cut rates were sent forward, and most of the steamers advertised for sailing before the and of the year were fully booked up. Now I hear that the situation promises to be worse than ever, as several of the lines have intimated that they are prepared to accept goods" at much reduced figures. Naturally the concession is tempting shippers, and it is believed that the competition will become exceptionally keen. The worst of it is that several outside companies are threatening to take port in the struggle, and it is even said that a new line with ample capital is to be formed for the

Bhiojackets and Marines in Action at Dabal.

The Times of India's Persian Gulf correspondone sends the following detailed particulars; of which the accuracy is unquestionable, of the affray at Dabai on Decomrecognition. The deceased was educated ber 23. The casualties were: five killed in at"George Watson's College, Editiburgh, action and blue wounded, of whom one has A-landing party, consisting of about eighty

bluejackets and marines under Captain Jamos D. Dick, R.N., of H.M.S. Hyncinth, Froe Church of Scotland, the Rev. W. M. with the Trucial chiefs. The Sheiks had Alexander, Professor of Apologetics and been warned that a search would be made. Pastoral Theology, in the Free Church After the party and been ashere for an College, Edinburgh, has been nominated in hourior so, Arabs suddenly opened five on them and also fired on the beats which Sir Thomas Carlaw Martin, Inte editor of were laying off quite close to the shore tho "Scuttish Leader." and the "Dundee waiting to take the party back to the ship. Advertiser," is the inw Director of The beat Respers suffered badly. " The fire was returned and the fighting because general. Thou the Sheik became alarmed and at the request of Captain Dick stopped the firing by his men. The British ceased fire simultaneously and the party reembarked." Measures were taken to send the wounded to Colaba hospital in the R.I.M.S. Minto. One man among them was shot in seven places.

Information that comes from an Arab states that the whole population of Debai about 2,000 men, took part in the 6 h against the naval force, but only a very small number of these had arms. The Hyacinth's party landed in four cutters and a small boat, and had the Arabs been armed an laige numbers it is easy to see that the British losses would have been very heavy. !- A Maxim gun had been taken ashore by the naval party, and it was this that inflicated heavy losses upon the Arabs 37 being killed.

A THEATRICAL STORM:

Theatro circles in Germany are exercised over the question of a lady's hair, and the Bavarian theatres are involved. Mdme. Schmidt Hammerstein, cantatrice of the Theatre Royal of Hanover taking the role of Waltraute in "Das Rhinegold;" appearod recently in her presumed natural hair, which is black. Violent indignation was shown by the local press, who maintained that it was the first duty of the singer to have appeared as blonde. The offending actress cited the instance at Bayreuth, where Waltraute appears in black hair. But this does not satisfy the critics. They urge that a lady playing under Frau Cosima Wagner cannot be a criterion, for the daughter of Liszt is blonds, then she may reconsider her

The prices necessarily vary Jrom day to day and the Saniary Board has no power to compel stallholders, to sell at the rices quotest. W. BOWEN-ROWLANDS, Becretary Sanitary Board. THE BEDOUIN REVOLT.

A correspondent of the Daily Telegraph writes: Of course, the hold of the Turkish Government upon Trans-Jordania has been uncertain for many years, and is still largely based upon such local antagonism as it could foster between the Arabs and the Druses. The district in which the prosent revolt has taken place has been inc. years a point of anxiety to the Turks. Kerak the most important town on the east of the Dead Sea, and though not actually on the old pilgrim road from Damascus to Mocca, is sufficiently near it to have drawn no small profit from the everlasting proession along the Haj road. Food and ransport were supplied at exorbitant rates, and it was not always in this indirect manner that the independent Bedouin of Korak exercised the art of brigandage. The Turks for many years chose to shut their eyes to the disorders of this part of the sacred route, because the reduction of Karak by force would have necessitated the despatch of a powerful and costly expedition, and the continual presence of a substantial garrison within the town. The Bedouin are nomads, and no real authority could be exerted over them from a fixed centre such as Kerak. 召来世 But it was hoped that the construction of the railway that leads from Damascus to Medina would do much to pacify the district. Unfortunately the opposite has taken.

> To the nomad Arab, who naturally retains the religious prejudices and the unquestioning faith that residence in towns and civilised provinces is apt to dull, the now Turkish regime sayours of infidelity. The bestowal of the right of representation on unbelievers in Patestine was the itself sufficient to rouse the fanaticism of these sons of the desert, and the immediate weakening of Turkish authority in the extremities of the empire encouraged them still further. This weakening is directly due to the fact that the governors under the old regime, corrupt as they were, were unquestionably efficient, whereas their successors, though no doubt full enthusiasm for constitutionalism, are almost to a man entirely unfitted for the work of government. On the top of all this came a practical cause of complaint. The construction of the Hedjaz Railway, as they speedily realised, deprived the man of Kerak of no small part of the annual gains upon which they were accustomed to count. The upshot of all this discontent has been a determined effort to oust Turkish authority from the province, and a deftly-concerted attack from several points at once has resulted in the defeat of the Turks, the complete disorganisation of the railway, and the recovery of Kerak.

The importance of this revolt lies in the fact that it is not an isolated rising against the Turkish Government; it is intimately connected with the similar and equally successful rebellion in the Yemen. These two chief centres of disquiet are frequently found to act in harmony, no doubt because the Bedouin are the dominant power both in the Syrian and the Arabian desert fringe. In 1896 the Bedouin were in open revolt both in the Yemen and the Hauran and it is the Bedouin who stop the further progress of the Hedjaz Railway beyond Medina by simple but effective methods. Farther south, the revolt promises to become a revolution. Last year the Turkish Government ate a large piece of humble Mr J. I. Andrew Mr J. N. Levi pie. Finding that the reinforcements they Mr J. H. Backhouse Mr J. H. Little had sent to Asir, the newly-formed province Mr T. L. Baldwin cut out of Yemen, were quite unable to Mr F. C. Banham Mr Barsendorff make headway against the insurgents, they Mr E. A. Beaumont Mr S. Lowrie surrendered, and made the leader of the Mr J. Bentley insurgents joint governor of Asir with the Mrs. Birdsall Turkish Vali. But the sop seems to have been insufficient, and the Arab rebels are Mr J. W. C. Bonnar Miss K. A. Massey again in arms. It is difficult to say where Mr and Mrs H. W. J. Mr E. Mast this unrest, will end. At present there is Brooks no question of danger west of the Jordan, and the tourist may take his ticket from Joppa to Jerusalem with confidence. But Mr C. Bryce Turkey has too much to do at home to encourage much belief in her ability to deal Mr. F. T. Chapple effectively with her Arab foes. She has Mr T. D. Cheshire indeed just obtained a loan from Germany | Mr P. T. Chilvers but her liabilities and current expenses Mr H. P. Clapp require a very much larger sum, and it is Mrs H. FESCIVAL OF EMPIRE.

Ambitious Sports Programmo.

THYSICAL CULTURE DISPLAYS. The Fostival of Empire and Pageant of London, which, it will be remembered, was to have taken place at the Crystal Palace last summer, but was postponed owing to the death of King Edward, is definitely announced to take place this year, and will unquestionably form the chief of the many festivities of the Cotonation season. The promoters of this great undertaking have not been idle since the postponement, and have utilised the extra time at their disposal in organising what will in effect constitute a mammoth Imporial "at home," coupled with British and Colonial exhibitions such as have rarely been seen in England. The patronage of H.M.'s Government

has already been secured, while the several Colonial Governments are officially arranging important exhibits of their products and industries. These will be housed in buildings which will in avery case, be exact, though slightly reduced, replicas of the Government houses of their respective countries, so that the exhibits will be shown in a thoroughly appropriate setting, and not, as is so often the case, in a series of scratch buildings. The reconstructed programme is on lines of broad, comprehensive, national and importal magnificence, and

omploidly throws into the shade last year's arrangements. Indeed, it may now be con fidently asserted, the coming great under laking will completely overshadow the most ambitious of similar efforts in the past in

Europe or America. The reason of the Festival of Empire is to demonstrate to the somewhat cosual and oftentimes unobservant British public the real significance of our great self-governing Dominions-to make us familiar with their products, their ever-increasing resources, their illimitable possibilities. And, it must be admitted, no more fitting period could be selected for an enterprise of such vast National and Imperial importance than during the Coronation year of His Majesty who has both visited and made himself ac-

quainted with the outposts of the Empire. One of the central events of the Festival will be the historical scenes of the Empire's history and undreamt-of development. A committee of leading historians, with Mr Laurence Gomme, F.S.A., as chairman, has compiled a list of scenes which will show the main current of the Empire's unparalleled history. The arrangements and production will be under the personal direction of Mr. Frank Lascelles, who has a fame the world over for the magnificence of his pageants, and upwards of 15,000 performers will take part in the proceed-ings. There will be altogether 24 scenes, eight of which will be prescribed daily in the insgnificent open-air amphitheatre designed by Sir Aston Webb; R.A. Another interesting move of the Enter The promoters of the Festival attach great to the towns, which in the present day

It is suggested that the rush from the agricultural district conducive, to so many difficulties is largel the result of the unquestionable dulnes which exists in remote district villages, and that some of this dulness, might be at leas rolloved, if not entirely removed, if a con sidered attempt were made to cater for th amusements of the people. The first sto in this direction; it is argued, should the organisation of companies of players. visit them. The Council of the Festiv Afo anxious to show something at least what might be achieved in this directio and their model village will consequent contain a model hall, in which entertain

ments will be given by companies of villa players.
There are many other attractions, a sportsmen will be delighted to learn th some two hundred acres are to be devot to outdoor amusements. A Sports Co. mittee, with Lord Desborough at the hen is busily engaged in the organization o series of Imperial sports meetings, and these the most popular and succes athletes of the day are expected to compe Mr W. Henry, who is making a visit to Colonies, on the delegation of Lord 1 borough, has just cabled home that Australians will give their help to sports, and especially to the 100 yards, yards, 880 yards, one mile flat, huro mile swimming, 100 yards swimming,

tennis (singles), wrestling (catch-as ca can), and boxing (heavyweights). The athletic meetings already arran include South London Harriers, Prin and Allied Trades Sports, South Lon Schools Sports - Clark's College Sp. Croydon Elementary Schools Sports, Me politan Police Sports, Railway Clea House Sports, City of London Police Sp. National Co-operative Festival and Sp and London Railways Athletic Associa Sports. Nearly all the chief swim contests will take place in the interme lake at the Palace, including probabl

King's Cup meeting. It may be taken for granted tha athletic side of the Festival will be most extensive scale, and it will no confined to merely classic events. It Clean Proofs and prompt delivery inspiring spectacle to watch the B athletic champions fight out a desp struggle for honours, and crowds wi semble to witness the representativ the Mother Country and the Colonies for what will practically be Empire pionships, but there is a past as wel TATHOLESALE. Indents promptly present and a future, and it is hope VV executed at lowest cash prices for arrangements will be made to present all kinds of British and Continental goods, conditions that will be a faithful rep tion of olden times, a series of spor pastimos that will enable the visit obtain a trustworthy idea of how-ou bears disported themselves in the when they had to depend upon the st. of their arm fouthe defence of hear.

There, is another, branch of the culture aide of the Empire Festival certain to command great attention cause it promises to be the most in sight this country has ever withersed E. Merodith Clease has underta organise a score of physical cultu plays, and his idea is to have separa plays on different days of continger numbering about 1,000, drawn from several Sample Cases from £10 upwards. Consignments of Produce Sold on Account solocted towns in Britain, and one special day for the Colonies, the wind, up to be a great combined massed display. Prizes will be offered for competition, including an Empire Shield, to be held for a year by the district obtaining the highest aggregate His Britannic Majesty's Ships on the China Station.

THE GERMAN EMPEROR.

To-DAY all'loyal Germans throughout

the world will raise their glasses and

toast the health of KAISER WILHELM

thanksgiving that arises because

another year has been added to his

the borders of the British Empire.

We admire him for many things,

but principally, perhaps, because of

the high ideals of Kingship which

he has consistently followed ever

since he ascended the Throne. From

the day of his accession he has

kept the welfare of Germany in

the forefront of his daily thoughts

#### SOCIAL AND PERSONAL

Mr and Mrs A. L. Strin are returning to the Colony by the French Mail after a short visit to Shanghai.

Towkay Leong Fee, of Ipoh, a member of the Malaya Federal Council, has given the splendid donation of \$10,000 to the King Edward VII Memorial Fund, which is to be devoted to the improvement of the Singapore Medical School.

We deeply regret to hear of the death in Bedford, England, after a long painful illness, of Mrs Skelton, mother of Mr.A. H. Skelton, of Hongkong. She was a resident in the Colony some years ago, and made a host of friends who will hear of her demise with deep regret. To her son and daughter we tender our respectful sympathy. The late Mrs Skelton left Hongkong in 1906, having resided in the Colony for ten years.

Ever since the overthrow of the French Empire, Princess Clothilde has lived a retired life at her Chateau of Moncaliere, near Turin. This she has turned into an orphanage and hospital, and here she lives as a Sister of Mercy, dedicating her life to good works and to the service of the poor. The case of her sister, Queen Pia, is one of The P. M. S. S. Co's s.s. Mongolia, the most tragic of modern times. She has lived to see her avourite brother, King Humbert, assassinated, her son and grandson cruelly slain also by assassins, and her grandson dethroned; while she herself is now an exile from the land she has for so many years made her own,

#### DRAMATIC ENTERTAINMENT AT ST. JOSEPH'S COLLEGE.

There was a large attendance at St. Joseph's College on Thursday night to witness a very interesting dramatic entertainment by the Apostleship of Study entitled "Falsely accused," the funds which are to provide a banner of the Sacred Heart. The four act drama was thoroughly well staged and its production reflects the greatest credit on all concerned. The plot was simple but nevertheless interesting right to the end and gave the performers ample scope for their by no means insignificant abilities. P. H. Provost took the metal at an early date, a contingency which | title role of Jasper Roseblade and his fine feature of the evening. F. I. Selections were given during the evening by the hand of the Sociadeds Philliarmonica and Professor Baptista and were greatly enjoyed. A very fine violin duet was also given by Masters E. Lamblot and W Majer while Mesers. J. M. Lopes and H. O. Ozorio were distinctly good in the youn duct "Larboard Watch." The performance is to be repeated again on Saturday night when it is hoped that another large audience will support this worthy cause.

#### EMPEROR OF GERMANY'S BIRTHDAY.

To-day Emperor William II of Germany celebrates his 52nd birthday, and wherever sons of the Fatherland foregather the occasion is being marked in some special manner or other. His Imperial Majesty the Kaiser has presided over the destinies of the Empire for nearly 23 years now, and he has won a high place in the esteem and affection of his subjects, while he is also recognised as a wise, and astute ruler b men of all nationalities. We hope that he will be spared for many more years of useful service to his country and to the world, and at this time we would extend our felicital tions to the German community in the

## NEW PERRITORY SPORT

What Birds can be Shot?

Some interesting points on New Territory sport were raised at the Magistracy this morning when the case again came up in which J. M. C. Lopes, employed at the Hongkong and Shanghai Bank, was charged before Mr E. R. Hallifax with shooting wild birds in the New Territory without a license. Mr P. P. J. Wodehouse, Deputy Superintendent of Police prosecuted, while Mr. Leo D'Almada Castro defended. Mr D.'Almada produced two ringdoves

which had been stuffed, and Scryt Kerr handed in a bird which he called a blue rock and another which he described as a scaled pigeon. His Worship explained that pigeons of

all kinds were excluded from the licence to shoot game. There were one or two kinds of pigeons which the police did not intend to prosecute people for shooting. That was the point that should be made clear now. Mr Wodehouse confessed that he was

ignorant about the different kinds of birds to be discriminated upon. His Worship-The police must have

Mr Wodehouse-Yes. They have orders, which refer to the blue rock pigeon and the shell back. Sergt. Kerr describes one as a shell back and the other as a blue rock. Mr D'Almada-The intention of the

Legislature is, no doubt, that local birds hould be preserved. His Worship-It is not the intention of the Legislature at all.

Mr D'Almada-These are migratory birds, and that is why they are allowed to be shot, because they are considered game. His Worship-The point to be kept clear is how far the police are going to exercise their powers for summoning any one who shoots pigeons.

Mr Wodehouse-We summon for these two kinds. His Worship-The stuffed birds are

called ring doves. Mr Wodehouse-The police don't prosecute in these two-the blue rock or the icaled back.

His Worship-No pigeons can be shot under a game licence. I understand there are two kinds for the shooting of which the police will not prosecute?

Mr Wodehouse-Yes. Sir Henry May gave instructions with regard to the two kinds of nigeon.

Mr D'Almada observed that the instructions must have applied to other than local

His Worship-The shooting of pigeons to summons. If they are not going to prosecute in certain cases it is for them to make that clear.

Mr D'Almada—I would ask that summons be dismissed. His Worship-I think the police might

vithdraw in this case. Mr Wodehouse-I think it would be etter to continue the summons and if your

Worship finds it proved-His Worship-The case is proved, but I should advise you to withdraw in this case. Mr Wodehouse-All the holders of game

icences have been notified about this His Worship- It is for the police to clear ip the matter. They should make an exact description of the birds they will prosecute

for shooting, and publish it, After further discussion Mr. Wodehouse consented to withdraw the summons, and defendant was discharged.

Dear Sirs;-This Chamber is annually in receipt of many enquiries from firms in Europe and America desirous of opening up business relations with local importers, or exporters, and great difficulty has been experienced in collecting data sufficient to enable me to bring the producer and dis. tributor into touch with each other.

This is, of course, due to the fact of Hongkong being a free port and the consequent death of commercial statistics.

Shelton Hooper.

The Secretary read the notice convening the meeting. The Chairman said-Gentlemen.-With

your permission I propose to take the report and accounts as read. From the accounts you will have noticed that the receipts for the year under review are 872,775.32 less than for the previous year. This is accounted for mainly by there having been no sales of property which in the previous secount showed a credit of account is also less 352,374,90.by \$8,988,51, due to our having called up some of our mortgages, and rent account shows a reduction of \$11,978,08. When tell you that this latter result is brought about by the fulling in of a lease of godowns on Praya East which had previously brought in \$24,000 per annum you will recognise that otherwise our rents have not diminished, and I may tell you that at the close of the year the statistics show an improved general position. The question of our godown properties in the eastern districts has had the very careful consideration of your directors, and we have already substituted in one case Chinese dwelling houses and a few European flats for obsolete godowns. This has been a success and we have further improvements under consideration. At our last ordinary general meeting you approved and confirmed your directors' suggestion for the fermation of a reserve fund to meet any unforseen expenditure that might become necessary for repairs to the property on account-of-typhoons, etc. The prudence of this step has been shown by " the large amount which it has been found necessary to expend in the strengthenin of our buildings which have showed signs of fractures in the walls.
